Subject: Purple Day 2017

March 26th

We are writing to follow up our previous email sent on Monday, January 9th. We hope that your council can support and participate in Purple Day Awareness. It would be a wonderful show of support to your constituents and their families who live with epilepsy simply by wearing a purple ribbon at your council meeting. You can just let us know the number of ribbons you need for the council members, whether you prefer them in English or French, and finally if you require a proclamation template along with the ribbons. You can email us a picture of the council members wearing the purple ribbons once you have your meeting, so we can share it on our Facebook and Purple Day page. If you could advise how many ribbons you wish to have sent to you, we can get them to you right away and please let us know when your council meeting is in March.

Thanking you in advance for your consideration in this matter.

Best regards

Ghalia Mohamed
